

EXERCISE 2

What is in the next slide the sequence in EQF levels with regard to working with others in a business?

The 8 EQF levels distinguished in the field of range of people within your work	
Example	EQF level
Working in a very small group of individual colleagues	
Colleagues, customers, and employees of subcontractors	
Colleagues and customers	
All employees at all levels of a company and the company's regional contacts	
All contacts within the field	
Colleagues with whom you work directly	
The company, national contacts of the company, very critical customers but also strategically important partners	
Colleagues at tactical-strategic level
